**To:** Whom it may concern  
**From:** Pastor Meshach Soli  
**Purpose:** SECC Conference Event

This letter is to verify that \_\_\_\_\_ is a church member in the Southeastern California Conference of Seventh-day Adventists. The SECC is a conference of over 160 SDA churches comprising 70,000 members across five counties in Southern California. This includes many children and youth, who participate in programs and events both at their local church and at conference-wide events, which are intended to build character and strengthen relationships between our church communities. If the student named above could be excused from classes on \_\_\_\_\_ for our upcoming Pathfinder Camporee, where more than 1,400 attendees are expected to attend, it would be greatly appreciated. Thank you in advance for granting permission and allowing this young person to be a part of a character building event.

Sincerely,

Meshach Soli
